

Dutch Aviation Open Golf 2011

Sunny day good for high scores and winner Grégory Jamet

This year's summer had been one of the wettest in recent history. So the participants of the 13th VZM Dutch Aviation Open golf tournament were anxious about the weather. The forecast talked about the possibility of a rain shower, but fortunately not one the whole day this time. It turned out to be a splendid day with sunshine and a very nice temperature. The rain came

only after all guests were gone home.

The weather certainly helped for the match players to score much higher points than the year before: the average was up more than 4 points! The first time participants were also boosting the score, with three out of four ending in the top ten. One of them, Grégory Jamet of Transavia France, declared he played reasonably, but to his own surprise was the 2011 winner of the Hans Minnee Challenge Trophy. He had beaten Leo van Rijn and the winner of 2009 Onno Pietersma, both having their highest score since playing in Nunspeet.

The Nearest to the Centerline competition turned out to be the most challenging ever. The marshals had overestimated the group's golf talent and modified it into a combination of longest drive and straightest shot.

Most of the balls that came far enough landed at the edge or in the woods far from the centerline. The winner's drive was still meters short of the ribbon, but very straight. It was winner of ten years ago, Tjapko van Wijk who had produced this drive and went home with the

F16 model donated as always by Steve Netto.

This year's clinic was tough for two of the five participants Leo Staats and Vincent van Campen. The other three turned out to be somewhat more experienced players, having played in one or more matches before. It was therefore impossible to win this year's clinic competition.

Fortunately there was a consolation price for the better of the two: Leo Staats, who promised to start golf lessons before next year's edition. The clinic competition winner was Marc Wittingen, participant in 2009 match. Although he had bad memories about that day's playing he was advised to participate in the 18-hole competition again next year.

With 37 participants slightly fewer people than the last few years attended this year's edition. The very nice weather and positive reactions are an encouragement of all loyal participants to attend the 14th event next year.

Block September 11, 2012 in your agenda

Traditionally the VZM *Dutch Aviation Open* is on the 2nd Tuesday of September. So that is **September 11** next year!

The Hans Minnee Challenge Trophy

The Dutch Aviation Open Challenge Trophy is a sculpture made by Gary Price. The trophy is named after Hans Minnee, co-founder of VZM Management Services, who passed away unexpectedly in April 2003. Hans was the driving force behind the start of the golf tournament and discovered the sculpture himself during a business trip to the US.

Outline of VZM Management Services

VZM Management Services is widely recognized to provide change leadership and business development support to enhance the customer's business results, both as interim executive management and as consultancy. VZM has a broad international customer base in the aviation industry. The company was formed in 1996 and has offices in the Netherlands and in the United States. Each year VZM publishes its now famous *Commercial Aviation & Maintenance Market Outlook*, which is freely accessible for all subscribers to the VZM site.
