

VZM Management Services

Company profile

VZM Management Services, started in 1996, is widely recognized in providing change leadership, interim executive management, and business development advice to the aviation industry from their headquarters in the Netherlands and an office in Florida. VZM has a broad international customer base, among which are MROs, airlines, OEMs and other aviation suppliers. It has been typically hired for Turnaround, Performance Improvement, Start-up support, and Strategy or Business Development projects.

VZM was founded in November 1996.

VZM publishes the annual *Market Outlook* for its customers, business contacts and VZM Newsletter subscribers.
